SECURITY TALK FOR DOMESTICS

The UUST would like give a heartfelt **thank you** to all our residents who supported the security talk for domestic workers and /or gardeners which was held on the 21st and 23rd of June 2017. We believe that the UUST Security Team imparted valuable information to all attendees. A further note of thanks to Enforce Security for the generous donation of refreshments which was provided to everyone who attended the talk.

We look forward to having the continued support of our community for future upcoming UUST initiatives. Wishing all our members a wonderful weekend ahead.
